

# Recognise outstanding service to our community during Covid

This first award to recognise outstanding service to our community during the Covid pandemic, doesn't go to an individual, nor does it go to a particular group, but goes to anyone who during the restrictions and lockdowns extended a helping hand to a fellow parishioner who was in need.

So, if you fetched some shopping in for someone, or added it to your online delivery, if you collected a prescription, took someone to hospital or to an appointment or just made sure your neighbour was OK, this award includes you.

We can't obviously mention everyone, but we would like someone who was never more than a phone call away, someone who from the start of the pandemic was instrumental in setting up support networks, someone who coordinated efforts between individuals, local groups and services to accept the award on behalf of everyone mentioned.

Andrew, that's you.
