

*Jan Kelly*

*She is a career nurse, starting in operating theatres before going into general practice first in Thetford and then joining us in Mendlesham I reckon around 2004 (so nearly 20 years) She lived at that time in Bury before moving to Bacton and then Mendlesham about 6 years ago. She studied with us for a masters degree and became our first Nurse Practitioner and just excelled. She is bright caring, conscientious, hardworking, compassionate, empathetic, kind , never says no...*

*I could go on. To combine kindness and technical skill is rare in any professional but she just has it !*

*She brings all these qualities into her volunteering as well*

*Dr Paul Head*
